Dear Sir:

I hereby state that the information recorded in computer readable form is identical to the sequence listing submitted on paper and the two additional computer discs containing the sequence listing, and that the additional discs are identical.

The sequence listing has been corrected in view of the Notification of Defective Response mailed July 12, 2006 which included a printout which explained the detected errors. The sequence listing has been revised so that the title line does not exceed 72 characters. SEQ ID NOS: 3 and 6 have been corrected as the first and last previously indicated residues were not nucleotides, but labels. These labels are now indicated as miscellaneous features attached to either end of the oligonucleotides.

Appl. No. : 10/563,503
Filed : January 4, 2006

I hereby state that the submission, filed in accordance with 37 C.F.R. § 1.821(g) or (h), herein does not include new matter, or matter which goes beyond the disclosure in the international application.

Please charge any additional fees, including any fees for additional extension of time, or credit overpayment to Deposit Account No. 11-1410.

Respectfully submitted,
